

The diagram illustrates a parking lot layout with a central area labeled P_2 and an adjacent road area labeled P_1 . The central area contains seven parking spaces, each with a vehicle: a red motorcycle, a blue car, a red car, a yellow taxi, a black car, a space labeled P_2 , and a blue motorcycle. The surrounding road area has two yellow taxis and a label P_1 . Arrows indicate the flow of traffic, showing a clockwise circulation around the central area and a counter-clockwise circulation around the outer boundary. A red rectangle is positioned at the top of the central area.
